I'm a multi-disciplinary designer / developer with a balance of creative and technical skills. I enjoy games, sci-fi novels, and sharing sweets with colleagues. Check out my website to find out more about my work.

Experience

Multimedia developer
TTi Global, Leamington Spa

May '17 - present

Working in eLearning design & development, played a key role in the transition from flash to HTML5 courses.

Worked on 3D visualisations for major automotive client, working with supplied CAD data to create fully rigged scene ready files.

Freelance

March '16 - May '17

Some web design and development work, alongside the development of my mobile game.

Junior developer

Avius Ltd, Bournemouth

August '12 - March '16

Worked on survey UI/UX design, working with b2b clients to ensure we provided the right solutions. Also worked as a graphic designer & artworker for promotional materials, posters back-boarding, vinyl wraps.

Sales Assistant

Dinstock Ltd, Telford

June '11 - August '11

Sold power-tools mainly to tradesmen, naturally all prices were negotiated.

Machine operator

Dinstock Ltd, Telford

June - August '08, '09, '10

Operated heavy machinery in the manufacture of industrial fasteners (bolts).
